

**MODEL APPLICATION TEMPLATE FOR
STATE CHILD HEALTH PLAN UNDER TITLE XXI OF THE SOCIAL SECURITY ACT
STATE CHILDREN'S HEALTH INSURANCE PROGRAM**

Preamble

Section 4901 of the Balanced Budget Act of 1997 (BBA) amended the Social Security Act (the Act) by adding a new title XXI, the State Children's Health Insurance Program (SCHIP). Title XXI provides funds to states to enable them to initiate and expand the provision of child health assistance to uninsured, low-income children in an effective and efficient manner. To be eligible for funds under this program, states must submit a state plan, which must be approved by the Secretary. A state may choose to amend its approved state plan in whole or in part at any time through the submittal of a plan amendment.

This model application template outlines the information that must be included in the state child health plan, and any subsequent amendments. It has been designed to reflect the requirements, as they exist in current regulations, found at 42 CFR part 457. These requirements are necessary for state plans and amendments under Title XXI.

The Department of Health and Human Services will continue to work collaboratively with states and other interested parties to provide specific guidance in key areas like applicant and enrollee protections, collection of baseline data, and methods for preventing substitution of Federal funds for existing state and private funds. As such guidance becomes available, we will work to distribute it in a timely fashion to provide assistance as states submit their state plans and amendments.

Form CMS-R-211

**MODEL APPLICATION TEMPLATE FOR
STATE CHILD HEALTH PLAN UNDER TITLE XXI OF THE SOCIAL SECURITY ACT
STATE CHILDREN'S HEALTH INSURANCE PROGRAM**

(Required under 4901 of the Balanced Budget Act of 1997 (New section 2101(b)))

State/Territory: Connecticut
(Name of State/Territory)

As a condition for receipt of Federal funds under Title XXI of the Social Security Act, (42 CFR, 457.40(b))

(Signature of Governor, or designee, of State/Territory, Date Signed)

Patricia Wilson-Coker, Commissioner, CT. Department of Social Services, April 30, 2003

Submits the following State Child Health Plan for the State Children's Health Insurance Program and hereby agrees to administer the program in accordance with the provisions of the approved State Child Health Plan, the requirements of Title XXI and XIX of the Act (as appropriate) and all applicable Federal regulations and other official issuances of the Department.

The following state officials are responsible for program administration and financial oversight (42 CFR 457.40(c)):

Name: David Parrella

Position/Title: Director, Medical Care
Administration

Name: Rose Ciarcia

Position/Title: Director, HUSKY Programs

Name: Lee Voghel

Position/Title: Director, Fiscal Analysis

Effective Date:

2 Approval Date:

Model Application Template for the State Children's Health Insurance Program

Section 1. General Description and Purpose of the State Child Health Plans and State Child Health Plan Requirements (Section 2101)

1.1 The state will use funds provided under Title XXI primarily for (Check appropriate box) (42 CFR 457.70):

1.1.1 ☒ Obtaining coverage that meets the requirements for a separate child health program *as of 10/1/02 (Section 2103); OR*

1.1.2. Providing expanded benefits under the State's Medicaid plan (Title XIX); **OR**

1.1.3. ☒ A combination of both of the above *through 9/30/02. Effective 10/1/02, the Medicaid expansion was phased out.*

1.2 Please provide an assurance that expenditures for child health assistance will not be claimed prior to the time that the State has legislative authority to operate the State plan or plan amendment as approved by CMS. (42 CFR 457.40(d))

The state will not claim expenditures for child health assistance prior to the time that the state has legislative authority to operate the state plan amendments as approved by CMS.

1.3 Please provide an assurance that the state complies with all applicable civil rights requirements, including title VI of the Civil Rights Act of 1964, title II of the Americans with Disabilities Act of 1990, section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, 45 CFR part 80, part 84, and part 91, and 28 CFR part 35. (42CFR 457.130)

The state complies with all applicable civil rights requirements, including but not necessarily limited to, Title VI of the Civil Rights Act of 1964, Title II of the American with Disabilities Act of 1990, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, 45 CFR Parts 80, 84, and 91, and 28CFR part 35.

1.4 Please provide the effective (date costs begin to be incurred) and implementation (date services begin to be provided) dates for this plan or plan amendment (42 CFR 457.65):

Effective date: 4/1/98

Implementation date: 7/1/98

Section 2. General Background and Description of State Approach to Child Health Coverage and Coordination (Section 2102 (a)(1)-(3)) and (Section 2105)(c)(7)(A)-(B))

- 2.1. Describe the extent to which, and manner in which, children in the state including targeted low-income children and other classes of children, by income level and other relevant factors, such as race and ethnicity and geographic location, currently have creditable health coverage (as defined in 42 CFR 457.10). To the extent feasible, make a distinction between creditable coverage under public health insurance programs and public-private partnerships (See Section 10 for annual report requirements). (42 CFR 457.80(a))

The state can measure the number of children with creditable health coverage to the extent that they are enrolled in either the HUSKY A or HUSKY B program. Since the start of the HUSKY program and combined HUSKY A and B marketing in July 1998 an additional 51,090 children enrolled in the Medicaid program resulting in their access to credible health coverage. The increased Medicaid enrollment in addition to the 13,086 HUSKY B members means that an additional 51,090 children now have credible health coverage in comparison to July 1998.

Please see Appendix 2.1 for a breakdown of HUSKY A (Medicaid & MCHIP) and HUSKY B (SCHIP) enrollment by race and ethnicity; a breakdown of HUSKY A and HUSKY B enrollments by county; HUSKY B enrollment by income band. Please note that we do not have HUSKY A enrollment data broken out by income. The income limit for HUSKY A is 185% of the FPL.

The state currently does not have public-private partnerships.

- 2.2. Describe the current state efforts to provide or obtain creditable health coverage for uncovered children by addressing: (Section 2102)(a)(2) (42CFR 457.80(b))

- 2.2.1. The steps the state is currently taking to identify and enroll all uncovered children who are eligible to participate in public health insurance programs (i.e. Medicaid and state-only child health insurance):

The state currently conducts outreach activities through its contracts with FQHCs and disproportionate share hospitals that assist applicants in completing the application. See Section 5.

- 2.2.2. The steps the state is currently taking to identify and enroll all uncovered children who are eligible to participate in health insurance programs that involve a public-private partnership:

The state currently does not have any programs that involve a public-private partnership. The Healthy Steps program, which existed at the inception of HUSKY B, has been phased out and members of that program were made eligible for HUSKY A or B, according to their family income.

- 2.3. Describe the procedures the state uses to accomplish coordination of SCHIP with other public and private health insurance programs, sources of health benefits coverage for children, and relevant child health programs, such as title V, that provide health care services for low-income children to increase the number of children with creditable health coverage. (Previously 4.4.5.)

Model Application Template for the State Children's Health Insurance Program

(Section 2102)(a)(3) and 2102(c)(2) and 2102(b)(3)(E)) (42CFR 457.80(c))

- *The HUSKY Plus Physical supplemental plan shares the same steering committee and one of the two Centers for Children with Special Health Care Needs with Title V. Title V refers potential applicants who do not qualify for its program to HUSKY B and HUSKY Plus Physical. See Appendix 3.1.*
- *HUSKY B MCOs are required to contract with school-based health clinics.*

HUSKY Plus Physical and HUSKY, Part B MCOs, in conjunction with the Department, also coordinates with the Birth to Three program, which provides services to children with special health care needs.

Section 3. Methods of Delivery and Utilization Controls (Section 2102)(a)(4))

Check here if the state elects to use funds provided under Title XXI only to provide expanded eligibility under the state's Medicaid plan, and continue on to Section 4.

- 3.1. Describe the methods of delivery of the child health assistance using Title XXI funds to targeted low-income children. Include a description of the choice of financing and the methods for assuring delivery of the insurance products and delivery of health care services covered by such products to the enrollees, including any variations. (Section 2102)(a)(4) (42CFR 457.490(a))

As noted in Section 1.3 above and described in the state's Medicaid state plan amendment, under Part A of the HUSKY Plan the state used Title XXI funds to expand Medicaid eligibility for children 14-18 with family income up to 185% of the FPL. The Title XXI funded expansion of Medicaid was phased out effective 10/1/02. As of 10/1/02, Title XXI funds are used only for the stand-alone SCHIP program (HUSKY B).

For children with family income over 185% FPL (Part B of the HUSKY Plan), the state contracts with managed care organizations (MCOs). The state selects MCOs through a competitive bidding process. The state issues an RFP that establishes operational and financial requirements and requires bidders to provide evidence of their ability to meet the requirements. The requirements include but are not limited to: access to care, provider network, member services, utilization management, claims processing, and quality assurance. The state awards the right to negotiate a contract based on a fair evaluation of all proposals submitted in response to the RFP. This method includes evaluation of the following factors: provider network for each service area, efficiency of operation, ability to provide the required services, quality management, ability to perform the necessary administrative tasks, financial viability, and price.

In addition the state, using Title XXI funds, has established two supplemental health insurance programs, known as the HUSKY Plus programs, for those enrollees in the state subsidized portion of Part B whose medical needs cannot be accommodated within the basic benefit package offered by the MCOs under the HUSKY Plan, Part B. One program supplements MCO coverage for enrollees with intensive physical health needs and the other supplements coverage for enrollees with intensive behavioral health needs. Effective 7/1/03, the physical health services are delivered through the Connecticut Children's Medical Center/ Title V network, and the behavioral health services are administered by the MCOs. See Appendix 3.1 for a summary of HUSKY Plus.

- 3.2. Describe the utilization controls under the child health assistance provided under the plan for targeted low-income children. Describe the systems designed to ensure that enrollees receiving health care services under the state plan receive only appropriate and medically necessary health care consistent with the benefit package described in the approved state plan. (Section 2102)(a)(4) (42CFR 457.490(b))

As with HUSKY A, the Medicaid definition of medical necessity will prevail for HUSKY B.. "Medical Necessity or Medically Necessary" means health care provided to correct or diminish the adverse effects of a medical condition or mental illness; to assist an individual in attaining or maintaining an optimal level of health; to diagnose a condition; or prevent a medical condition from occurring. Prior authorization decisions are based on the Medicaid definition of medical necessity and medical appropriateness. The state includes a definition of medical necessity and utilization management requirements in the RFP and the contracts with the MCOs. The MCOs are required to have written utilization management policies and procedures that include the appropriateness criteria for

Model Application Template for the State Children's Health Insurance Program

authorization and denial of payment and protocols for prior approval, hospital discharge planning, and retrospective review.

As discussed in Appendix 3.1 (summarizing HUSKY Plus), utilization is managed through prior authorization based on individual care plans and medical necessity guidelines.

Section 4. Eligibility Standards and Methodology. (Section 2102(b))

Check here if the state elects to use funds provided under Title XXI only to provide expanded eligibility under the state's Medicaid plan, and continue on to Section 5.

- 4.1. The following standards may be used to determine eligibility of targeted low-income children for child health assistance under the plan. Please note whether any of the following standards are used and check all that apply. If applicable, describe the criteria that will be used to apply the standard. (Section 2102)(b)(1)(A)) (42CFR 457.305(a) and 457.320(a))

- 4.1.1. ☒ Geographic area served by the Plan: *Statewide*
- 4.1.2. ☒ Age: *Individuals must be under 19 years of age.*
- 4.1.3. ☒ Income: *In order to receive a state subsidy under Part B, family income may not exceed 300 percent of the FPL. However, the state will apply the income disregards shown in Appendix 4.1.3. Families with income greater than 300 percent of the FPL may purchase coverage without state subsidy.*
- 4.1.4. Resources (including any standards relating to spend downs and disposition of resources): *No asset limit.*
- 4.1.5. ☒ Residency (so long as residency requirement is not based on length of time in state): *To be eligible for the HUSKY Plan, Part B, a child must be a resident of the State of Connecticut.*
- 4.1.6. ☒ Disability Status (so long as any standard relating to disability status does not restrict eligibility): *Measures of disability acuity will apply in HUSKY Plus (see Appendix 3.1).*
- 4.1.7. ☒ Access to or coverage under other health coverage:
Children who are eligible for Medicaid or covered under a group health plan or under health insurance coverage and children of any state or municipal employee eligible for employer-sponsored insurance are not eligible for the HUSKY Plan, Part B. However, children of municipal employees are allowed to be eligible for HUSKY Plan, Part B "if dependent coverage was terminated due to extreme economic hardship on the part of the employee" (pursuant to section 18 of Connecticut Public Act 99-279). For other children, an application may be disapproved if it is determined that the child was covered by employer-sponsored insurance within the last two months (this may be extended to 12 months if the commissioner determines that two months is insufficient to deter applicants or employers from discontinuing employer-sponsored dependent coverage). However, an application may be approved if the reason for loss of employer-sponsored insurance is unrelated to the availability of the HUSKY Plan or otherwise exempt under section 11 of Public Act 97-1 of the October 29, 1997 Special Session. The authorizing legislation (see Appendix 4.1.3) identifies ten reasons that are unrelated to the availability of the HUSKY Plan.
- 4.1.8. ☒ Duration of eligibility: *A child who has been determined eligible for the HUSKY B program shall remain eligible for as long as all eligibility criteria are met.*
- 4.1.9. Other standards (identify and describe):

Model Application Template for the State Children's Health Insurance Program

The applicant's social security number is required, however verification of the social security number is not required unless the social security number is deemed questionable.

4.2. The state assures that it has made the following findings with respect to the eligibility standards in its plan: (Section 2102)(b)(1)(B)) (42CFR 457.320(b))

- 4.2.1. X These standards do not discriminate on the basis of diagnosis.
- 4.2.2. X Within a defined group of covered targeted low-income children; these standards do not cover children of higher income families without covering children with a lower family income.
- 4.2.3. X These standards do not deny eligibility based on a child having a pre-existing medical condition.

Model Application Template for the State Children's Health Insurance Program

4.3. Describe the methods of establishing eligibility and continuing enrollment. (Section 2102(b)(2)) (42CFR 457.350)

The state contracts with an entity to be a single point of entry servicer (SPES) for applicants and enrollees under Parts A and B of the HUSKY Plan. The SPES is responsible for making a preliminary determination of eligibility under Part A and a final determination of eligibility under Part B and enrolling eligible children under Parts A and B into an MCO. Eligibility is determined based on information collected on the application form, which includes name, address, date of birth, social security number, residency, family income, employment, and insurance (both current and in the previous two months). The SPES verifies address and income and whether the child is a Medicaid beneficiary. In addition, if an applicant is employed, the SPES contacts the employer for a random sample of cases (10%) for information about employer-sponsored insurance coverage. With the exception of step-parent income, income is calculated in the same manner as for poverty level children under Medicaid with the income disregards provided in section 15 of Public Act 97-1 of the October 29, 1997 Special Session or as may be amended. As described in 4.4.1 (below), as part of the eligibility process the SPES determines whether a child may be eligible for Medicaid and, if so, sends the application and supporting documents to the Department of Social Services for final eligibility determination. Also, if a child has insurance coverage, he/she will not be enrolled in HUSKY, Part B.

Individuals are able to initiate the application in person or by mail. The SPES uses a simplified mail-in application process. If information is incomplete, the SPES contacts the applicant (by mail or phone) to obtain missing information. If the SPES determines that a child is eligible for HUSKY Part B, the SPES provides information about participating MCOs. The SPES helps the family select an MCO, and then refers the child to the MCO of his or her choice. If enrolled under HUSKY Part B, the SPES also provides information about HUSKY Plus. The SPES sends daily rosters of enrollees to the MCOs. The SPES provides choice counseling and enrollment for the HUSKY Program.

Not more than twelve months after determination and annually thereafter, the SPES shall make a preliminary determination under Part A and re-determine eligibility for Part B. The SPES shall mail a form to each HUSKY B family to obtain information to make the eligibility determination. Also, as noted in 4.1.8, applicants will be required to notify the SPRS of any change in circumstance that could affect continued eligibility for coverage e.g., attaining age 19, moving out of state change in income, or obtained other insurance). If the child is no longer eligible, he/she will be disenrolled.

Enrollees will be able to change enrollment during an annual, open enrollment period, which will occur at the time of redetermination of eligibility.

4.3.1 Describe the state's policies governing enrollment caps and waiting lists (if any). (Section 2106(b)(7)) (42CFR 457.305(b))

☒ Check here if this section does not apply to your state.

4.4. Describe the procedures that assure that:

4.4.1. Through the screening procedures used at intake and follow-up eligibility determination, including any periodic redetermination, that only targeted low-income children who are ineligible for Medicaid or not covered under a group health plan or health insurance coverage (including access to a state health benefits plan) are furnished child health assistance under the state child health plan. (Sections 2102(b)(3)(A) and 2110(b)(2)(B)) (42 CFR 457.310(b) (42CFR 457.350(a)(1)) 457.80(c)(3))

Model Application Template for the State Children's Health Insurance Program

In accordance with Sections 2102(b)(3)(A) and 2110(b)(2)(B) and 42 CFR 457.310(b), 457.350(a)(1) and 457.80(c)(3) the State will screen HUSKY applications through the SPES. Eligibility Specialists at the SPES are trained in the Medicaid (HUSKY A) gross income limits, and applied income limits considering concepts such as, but not limited to, income disregards, and excluded income to ensure that Medicaid children who apply for HUSKY are properly identified and referred to DSS to be granted Medicaid. HUSKY applicants will also be screened by the SPES for potential Medicaid eligibility under spend-down if family income exceeds 185% of the Federal Poverty Level and there exists unpaid medical bills for the family sufficient to meet the spend-down. If the family has sufficient medical bills to be eligible for Medicaid under spend-down, the SPES will refer the application to DSS for Medicaid processing. The SPES will retain all other HUSKY applications and process eligibility for HUSKY B (Title XXI). Conversely, if a family contacts DSS first to apply for HUSKY, DSS staff will screen for Medicaid eligibility as they currently do. If the child is not Medicaid eligible, including being eligible for Medicaid as a spend-down, DSS staff will refer the application to the SPES for potential processing for HUSKY B (Title XXI). DSS staff are trained in the HUSKY B (Title XXI) requirements so they can properly identify such applications.

On July 1, 2001 DSS implemented Self-Declaration of income for both HUSKY A and HUSKY B application and renewal processing. Eligibility workers at DSS and the SPES now utilize the Bendex, Social Security Income (SDX), Department of Labor (DOL) and Unemployment Compensation Benefit (UCB) files to check the income information stated on the application/renewal form. If the income on the application/renewal form is reasonable, then the eligibility worker will continue to process the application/renewal form. If the Eligibility Worker has reason to believe that such information is inaccurate or incomplete then the worker will call the client for clarification. If the client is unable to clarify the information, the Eligibility Worker may require verification in order to proceed with processing the application/renewal form. The same screen and refer or screen and enroll process as identified above for new applications is also used at the time of annual renewal.

- 4.4.2. The Medicaid application and enrollment process is initiated and facilitated for children found through the screening to be potentially eligible for medical assistance under the state Medicaid plan under Title XIX. (Section 2102)(b)(3)(B)) (42CFR 457.350(a)(2))

As noted in 4.4.1, if the SPES makes a preliminary determination that a child is eligible for Medicaid the SPES sends the application and supporting documents to the Department of Social Services for final determination of eligibility.

- 4.4.3. The State is taking steps to assist in the enrollment in SCHIP of children determined ineligible for Medicaid. (Sections 2102(a)(1) and (2) and 2102(c)(2)) (42CFR 431.636(b)(4))

Children who are determined to be ineligible for Medicaid, due to income, at time of application or renewal are referred to the SPES by DSS staff, for HUSKY B eligibility processing. See Section 4.4.1 above. Additionally, Medicaid discontinuance notices include a reminder to families so that families may follow-up directly with the SPES to enroll their children in SCHIP.

- 4.4.4 The insurance provided under the state child health plan does not substitute for coverage under group health plans. Check the appropriate box. (Section 2102)(b)(3)(C)) (42CFR 457.805) (42 CFR 457.810(a)-(c))

Model Application Template for the State Children's Health Insurance Program

- 4.4.4.1. **X** Coverage provided to children in families at or below 200% FPL: describe the methods of monitoring substitution.

A two-month crowd-out period is used to discourage families from dropping employer-sponsored insurance for the purposes of qualifying for HUSKY Part B. The SPES tracks the number of application denials for children whose coverage was dropped within two months from the application date.

- 4.4.4.2. **X** Coverage provided to children in families over 200% and up to 250% FPL: describe how substitution is monitored and identify specific strategies to limit substitution if levels become unacceptable.

See answer to 4.4.4.1.

- 4.4.4.3. **X** Coverage provided to children in families above 250% FPL: describe how substitution is monitored and identify specific strategies in place to prevent substitution.

See answer to 4.4.4.1.

- 4.4.4.4. If the state provides coverage under a premium assistance program, describe:

The minimum period without coverage under a group health plan, including any allowable exceptions to the waiting period.

The minimum employer contribution.

The cost-effectiveness determination.

- 4.4.5 Child health assistance is provided to targeted low-income children in the state who are American Indian and Alaska Native. (Section 2102)(b)(3)(D)) (42 CFR 457.125(a))

In accordance with Section 2102(b)(3)(D), 42 CFR 457.125(a) the Department met with representatives from both of Connecticut's federally recognized Indian tribes in 1998, during the design phase of the HUSKY plan. The program design was discussed with the tribal representatives and their comments and suggestions were considered in the final design and ongoing operations of the program. In 2000 both tribes provided the Department information required to exempt them from cost sharing. The tribal members provided the Department with the information we need to request of American Indians in order to exempt them from cost sharing.

The Department will continue to meet with the tribes on an annual basis or more often if necessary to discuss programmatic changes to HUSKY and to consider the issues or concerns of the tribal members. The Department also provides supplies of HUSKY informational

Model Application Template for the State Children's Health Insurance Program

materials and applications for distribution to tribal members. HUSKY information has also been available to tribal members via media (Public Service Announcements, T.V. and radio ads and ads in local newspapers) and other outreach efforts.

Section 5. Outreach (Section 2102(c))

Describe the procedures used by the state to accomplish:

Outreach to families of children likely to be eligible for child health assistance or other public or private health coverage to inform them of the availability of the programs, and to assist them in enrolling their children in such a program: (Section 2102(c)(1)) (42CFR 457.90)

The Department of Social Services, in partnership with statewide, regional and local health and social service organizations, within available appropriations, regularly conducts public outreach and education to reach families of children likely to be eligible for the HUSKY Plan.

The Department's HUSKY Outreach program includes:

- *Funding HUSKY InfoLine (HIL) – HIL operates a toll free information and referral service for HUSKY applicants and individuals needing information about HUSKY. HIL care coordinators instruct callers on how to apply for HUSKY, provide over the phone application assistance and follow-up to ensure that application process was completed;*
- *School based outreach efforts – HUSKY information provided through the free- and reduced-price lunch program in cooperation with the CT Department of Education and school food service directors. HUSKY information and applications are also available through the school nurses and the school-based health centers;*
- *Participation in the CT Department of Labor's Rapid Response Team – provision of HUSKY information and application assistance to laid-off workers;*
- *MCO community- based outreach – HUSKY participating plans provide information and application assistance at various community events including school health promotional fairs; craft shows; country fairs, etc;*
- *Collaboration with Child Support Services;*
- *Collaboration with CT's Covering Kids and Families (CCKF) initiative – CKF is a Robert Wood Johnson Foundation initiative, with Connecticut Voices for Children acting as the lead agency for Connecticut. CCKF funds several local HUSKY outreach projects throughout the state; and*
- *HUSKY (www.huskyhealth.com) website featuring downloadable application.*

Multi-level campaign

The crux of this campaign has been grass roots, community-based outreach through schools, health centers, community meetings, fairs, events, worksites, and other venues identified by DSS, statewide partners and community contractors. Just as often, HUSKY outreach brings the message to professionals who work with parents through a 'key informant' model--these are the known and trusted people in health, education, human services and other fields who are already in the community and who can vouch for the program and provide follow-up assistance. The emphasis on grass roots, community-based outreach has been acknowledged as especially important in reaching minority communities and newcomer/immigrant populations.

Section 6. Coverage Requirements for Children's Health Insurance (Section 2103)

Check here if the state elects to use funds provided under Title XXI only to provide expanded eligibility under the state's Medicaid plan, and continue on to Section 7.

- 6.1. The state elects to provide the following forms of coverage to children:
(Check all that apply.) (42CFR 457.410(a))

6.1.1. ☒ Benchmark coverage; (Section 2103(a)(1) and 42 CFR 457.420)

6.1.1.1. FEHBP-equivalent coverage; (Section 2103(b)(1))
(If checked, attach copy of the plan.)

6.1.1.2. State employee coverage; (Section 2103(b)(2)) (If checked, identify the plan and attach a copy of the benefits description.)

6.1.1.3. HMO with largest insured commercial enrollment (Section 2103(b)(3)) (If checked, identify the plan and attach a copy of the benefits description.)

6.1.2. Benchmark-equivalent coverage; (Section 2103(a)(2) and 42 CFR 457.430)
Specify the coverage, including the amount, scope and duration of each service, as well as any exclusions or limitations. Please attach a signed actuarial report that meets the requirements specified in 42 CFR 457.431. **See instructions.**

6.1.3. Existing Comprehensive State-Based Coverage; (Section 2103(a)(3) and 42 CFR 457.440) [Only applicable to New York; Florida; Pennsylvania]
Please attach a description of the benefits package, administration, date of enactment. If [existing comprehensive state-based coverage] is modified, please provide an actuarial opinion documenting that the actuarial value of the modification is greater than the value as of 8/5/97 or one of the benchmark plans. Describe the fiscal year 1996 state expenditures for [existing comprehensive state-based coverage].

6.1.4. ☒ Secretary-Approved Coverage. (Section 2103(a)(4)) (42 CFR 457.450)

6.1.4.1. Coverage the same as Medicaid State plan

Model Application Template for the State Children's Health Insurance Program

6.1.4.2. Comprehensive coverage for children under a Medicaid Section 1115 demonstration project

6.1.4.3. Coverage that either includes the full EPSDT benefit or that the state has extended to the entire Medicaid population

6.1.4.4. ☒ Coverage that includes benchmark coverage plus additional coverage

Please note that the HUSKY Part B benefits combine the most generous benefits offered at the inception of the HUSKY, Part B plan under three state employee options available in 1998 (Blue Cross, MD Health Plan, and Kaiser Permanente), in addition to covered services mandated by the Federal SCHIP regulations. In addition, HUSKY B benefits also include the HUSKY Plus benefit package for Children with Special Health Care Needs, which is not available to state employees. (See Appendices 3.1 and 6.1).

6.1.4.5. Coverage that is the same as defined by existing comprehensive state-based coverage

6.1.4.6. Coverage under a group health plan that is substantially equivalent to or greater than benchmark coverage through a benefit-by-benefit comparison (Please provide a sample of how the comparison will be done)

6.1.4.7. Other (Describe)

6.2. The state elects to provide the following forms of coverage to children:
(Check all that apply. If an item is checked, describe the coverage with respect to the amount, duration and scope of services covered, as well as any exclusions or limitations) (Section 2110(a)) (42CFR 457.490)

6.2.1. ☒ Inpatient services (Section 2110(a)(1))

6.2.2. ☒ Outpatient services (Section 2110(a)(2))

6.2.3. ☒ Physician services (Section 2110(a)(3))

6.2.4. ☒ Surgical services (Section 2110(a)(4))

6.2.5. ☒ Clinic services (including health center services) and other ambulatory health care services. (Section 2110(a)(5))

6.2.6. ☒ Prescription drugs (Section 2110(a)(6))

6.2.7. Over-the-counter medications (Section 2110(a)(7))

6.2.8. ☒ Laboratory and radiological services (Section 2110(a)(8))

6.2.9. ☒ Prenatal care and prepregnancy family services and supplies (Section 2110(a)(9))

Effective Date:

16 Approval Date:

Model Application Template for the State Children's Health Insurance Program

- 6.2.10. X Inpatient mental health services, other than services described in 6.2.18, but **not** including services furnished in a state-operated mental hospital and including residential or other 24-hour therapeutically planned structural services (Section 2110(a)(10))

100% except for the following conditions:

*Mental retardation;
Learning, motor skills, communication and caffeine-related disorders;
Relational problems;
Other conditions that may be the focus of clinical attention that are not
Defined as mental disorders by the American Psychiatric Association in its
"Diagnostic & Statistical Manual of Mental Disorders."*

*For these above stated conditions, the following applies:
Inpatient hospital benefits will be available for conversion to outpatient
Services. Up to 35 days may be converted; 25 days will remain as a hospital
Reserve (they will not be available for conversion). The conversion will be
Available according to the following schedule:*

*1 inpatient hospital day = 1 sub-acute day
1 inpatient hospital day = 2 partial hospitalization services
1 inpatient hospital day = 2 intensive outpatient visits
1 inpatient hospital day = 3 outpatient visits*

Maximum of 60 days per year.

- 6.2.11. X Outpatient mental health services, other than services described in 6.2.19, but including services furnished in a state-operated mental hospital and including community-based services (Section 2110(a)(11))

100% except for the following conditions:

*Mental retardation;
Learning, motor skills, communication and caffeine-related disorders;
Relational problems;
Other conditions that may be the focus of clinical attention that are not
Defined as mental disorders by the American Psychiatric Association in its
"Diagnostic & Statistical Manual of Mental Disorders."*

*For these above stated conditions, the following applies:
Maximum of 30 visits per year (in addition to allowable substitution of
Inpatient days: Supplemental coverage is available through
HUSKY Plus for children who meet the criteria for the HUSKY Plus
Behavioral program. See Appendix 3.1 for information on HUSKY Plus.*

- 6.2.12. X Durable medical equipment and other medically related or remedial devices (such as prosthetic devices, implants, eyeglasses, hearing aids, dental devices, and adaptive devices) (Section 2110(a)(12))

- 6.2.13. X Disposable medical supplies (Section 2110(a)(13))

- 6.2.14. X Home and community-based health care services (See instructions) (Section 2110(a)(14))

- 6.2.15. X Nursing care services (See instructions) (Section 2110(a)(15))

Model Application Template for the State Children's Health Insurance Program

- 6.2.16. **X** Abortion only if necessary to save the life of the mother or if the pregnancy is the result of an act of rape or incest (Section 2110(a)(16))
- 6.2.17. **X** Dental services (Section 2110(a)(17))
- 6.2.18. **X** Inpatient substance abuse treatment services and residential substance abuse treatment services (Section 2110(a)(18))

100% except for the following conditions:

*Mental retardation;
Learning, motor skills, communication and caffeine-related disorders;
Relational problems;
Other conditions that may be the focus of clinical attention that are not Defined as mental disorders by the American Psychiatric Association in its "Diagnostic & Statistical Manual of Mental Disorders."
For these above stated conditions, the following applies:
Maximum of 60 days per calendar year for drug abuse and 45 days per Year for alcohol abuse.*

- 6.2.19. **X** Outpatient substance abuse treatment services (Section 2110(a)(19))

100% except for the following conditions:

*Mental retardation;
Learning, motor skills, communication and caffeine-related disorders;
Relational problems;
Other conditions that may be the focus of clinical attention that are not Defined as mental disorders by the American Psychiatric Association in its "Diagnostic & Statistical Manual of Mental Disorders."

For these above stated conditions, the following applies:
Maximum of 60 visits per year with supplemental coverage available through HUSKY Plus for children who meet the criteria for the HUSKY Plus Behavioral Program. See Appendix 3.1 for information on HUSKY Plus.*

- 6.2.20. **X** Case management services (Section 2110(a)(20))

Case management will be available through HUSKY Plus. See Appendix 3.1 for additional information on HUSKY Plus.

- 6.2.21. **X** Care coordination services (Section 2110(a)(21))

Care coordination will be available through HUSKY Plus. See Appendix 3.1 for additional information on HUSKY Plus.

- 6.2.22. **X** Physical therapy, occupational therapy, and services for individuals with speech, hearing, and language disorders (Section 2110(a)(22))

Long-term coverage will be available through HUSKY Plus. See Appendix 3.1 for additional information on HUSKY Plus.

- 6.2.23. **X** Hospice care (Section 2110(a)(23))

Model Application Template for the State Children's Health Insurance Program

- 6.2.24. **X** Any other medical, diagnostic, screening, preventive, restorative, remedial, therapeutic, or rehabilitative services. (See instructions) (Section 2110(a)(24))

Services of nurse midwives, nurse practitioners, podiatrists, chiropractors, and naturopaths will be covered.

- 6.2.25. Premiums for private health care insurance coverage (Section 2110(a)(25))

- 6.2.26. **X** Medical transportation (Section 2110(a)(26))

Transportation by ambulance will be covered but non-emergency transportation will not. Limited non-emergency transportation will be covered by HUSKY Plus. See Appendix 3.1 for information on HUSKY Plus.

- 6.2.27. **X** Enabling services (such as transportation, translation, and outreach services) (See instructions) (Section 2110(a)(27))

Translation and outreach services will be available through both the MCOs and HUSKY Plus. All printed materials must be in English and Spanish and any other languages if more than five (5) percent of the MCO's enrollees speak the alternative language. Both the MCOs and HUSKY Plus programs must provide translation services. See Appendix 3.1 for information on HUSKY Plus.

- 6.2.28. **X** Any other health care services or items specified by the Secretary and not included under this section (Section 2110(a)(28))

See Appendices 3.1 and 6.1: HUSKY Plus Benefits and HUSKY Part B Benefits

- 6.3 The state assures that, with respect to pre-existing medical conditions, one of the following two statements applies to its plan: (42CFR 457.480)

- 6.3.1. **X** The state shall not permit the imposition of any pre-existing medical condition exclusion for covered services (Section 2102(b)(1)(B)(ii)); **OR**

- 6.3.2. The state contracts with a group health plan or group health insurance coverage, or contracts with a group health plan to provide family coverage under a waiver (see Section 6.4.2. of the template). Pre-existing medical conditions are permitted to the extent allowed by HIPAA/ERISA (Section 2103(f)). Please describe: *Previously 8.6*

- 6.4 **Additional Purchase Options.** If the state wishes to provide services under the plan through cost effective alternatives or the purchase of family coverage, it must request the appropriate option. To be approved, the state must address the following: (Section 2105(c)(2) and (3)) (42 CFR 457.1005 and 457.1010)

- 6.4.1. **Cost Effective Coverage.** Payment may be made to a state in excess of the 10% limitation on use of funds for payments for: 1) other child health assistance for targeted low-income children; 2) expenditures

Model Application Template for the State Children's Health Insurance Program

for health services initiatives under the plan for improving the health of children (including targeted low-income children and other low-income children); 3) expenditures for outreach activities as provided in section 2102(c)(1) under the plan; and 4) other reasonable costs incurred by the state to administer the plan, if it demonstrates the following (**42CFR 457.1005(a)**):

- 6.4.1.1. Coverage provided to targeted low-income children through such expenditures must meet the coverage requirements above; **Describe the coverage provided by the alternative delivery system. The state may cross reference section 6.2.1 - 6.2.28. (Section 2105(c)(2)(B)(i)) (42CFR 457.1005(b))**
- 6.4.1.2. The cost of such coverage must not be greater, on an average per child basis, than the cost of coverage that would otherwise be provided for the coverage described above. **Describe the cost of such coverage on an average per child basis. (Section 2105(c)(2)(B)(ii)) (42CFR 457.1005(b))**
- 6.4.1.3. The coverage must be provided through the use of a community-based health delivery system, such as through contracts with health centers receiving funds under section 330 of the Public Health Service Act or with hospitals such as those that receive disproportionate share payment adjustments under section 1886(c)(5)(F) or 1923 of the Social Security Act. **Describe the community-based delivery system. (Section 2105(c)(2)(B)(iii)) (42CFR 457.1005(a))**
- 6.4.2. **Purchase of Family Coverage.** Describe the plan to purchase family coverage. Payment may be made to a state for the purpose of family coverage under a group health plan or health insurance coverage that includes coverage of targeted low-income children, if it demonstrates the following: (**Section 2105(c)(3)) (42CFR 457.1010)**
 - 6.4.2.1. Purchase of family coverage is cost-effective relative to the amounts that the state would have paid to obtain comparable coverage only of the targeted low-income children involved; and **(Describe the associated costs for purchasing the family coverage relative to the coverage for the low-income children.) (Section 2105(c)(3)(A)) (42CFR 457.1010(a))**
 - 6.4.2.2. The state assures that the family coverage would not otherwise substitute for health insurance coverage that would be provided to such children but for the purchase of family coverage. (**Section 2105(c)(3)(B)) (42CFR 457.1010(b))**

Model Application Template for the State Children's Health Insurance Program

- 6.4.2.3. The state assures that the coverage for the family otherwise meet title XXI requirements. (42CFR 457.1010(c))

Section 7. Quality and Appropriateness of Care

Check here if the state elects to use funds provided under Title XXI only to provide expanded eligibility under the state's Medicaid plan, and continue on to Section 8.

- 7.1. Describe the methods (including external and internal monitoring) used to assure the quality and appropriateness of care, particularly with respect to well-baby care, well-child care, and immunizations provided under the plan. (2102(a)(7)(A)) (42CFR 457.495(a))

The methods that are used to assure quality and appropriateness of care include contracting standards, licensing, reporting requirements, external reviews, and onsite reviews.

The MCO contracts include specific standards for quality of care, including the provision of well-baby care, well-child care, and immunizations. MCOs are required to arrange for immunizations and comprehensive screens (and any needed interperiodic screens) in accordance with the schedules recommended by the American Academy of Pediatrics. As described below, MCOs are required to submit semi-annual reports on well-baby care, childcare visits and immunizations. The state has a statewide immunization registry (Connecticut Immunization Registry and Tracking System), and the MCOs are required to report to that registry and use that information to complete their immunization reports to DSS.

MCOs are required to meet all standards for quality of care as specified in their contracts with the state. In addition, each MCO must be licensed by the state as a Health Maintenance Organization (HMO) or operate as a Managed Care Organization based on Federally Qualified Health Centers and certified by the Department to participate in the Medicaid Managed Care Program. As an HMO, the MCOs must comply with the managed care bill of 1997, which contains various quality/consumer protection requirements (See Appendix 7.1 for a summary of this bill). The State Department of Insurance (DOI) continuously monitors quality through various mechanisms, including reporting, external reviews, and onsite reviews.

Reporting will include a report on the MCO's quality assurance plan (QAP), as required by the Managed Care Bill (Appendix 7.1), which includes information on complaints, prior authorization denials, utilization review (UR) denials, and all data required for HEDIS (or equivalent data for non-NCQA accredited plans). Under the managed care bill, if a plan is NCQA accredited for at least one year, it only needs to submit proof of accreditation and HEDIS. However, DSS requires NCQA accredited plans to submit a report on their QAPs, which must comply with Section 7.1.4. In addition, DSS requires semi-annual reports on compliance with the well-child periodicity schedule and on immunizations, similar to the reports currently prepared by Medicaid MCOs and quarterly provider network reports. The functions of the external quality review organization are described in 7.1.1 In addition, the state conducts periodic onsite reviews to determine ongoing compliance with contract requirements.

Will the state utilize any of the following tools to assure quality?
(Check all that apply and describe the activities for any categories utilized.)

7.1.1. ☒ Quality standards

The state contracts for an external quality review of the HUSKY Plan, Part B. The review includes, but is not limited to, an evaluation of access to care, a satisfaction survey, medical record standards, provider credentialing, and individual care review (see 7.1.3)

Model Application Template for the State Children's Health Insurance Program

7.1.2. X Performance measurement

The state requires MCOs to submit HEDIS reporting measures or equivalent data (which is likely to be HEDIS or a modified version of HEDIS) and semi-annual reports on immunizations and compliance with the well-child periodicity schedule. In addition, as noted in Section 9.7, the state will comply with any national quality measures.

7.1.3. X Information strategies

Both the SPES and the MCOs are required to educate enrollees about their benefits, rights and responsibilities under the HUSKY Plan, Parts A and B, including HUSKY Plus. The MCOs also educate enrollees about the importance of preventive services, health promotion activities, and visiting their primary care provider instead of an emergency room.

7.1.4. X Quality improvement strategies

The state includes specific standards for quality of care in the contracts with the MCOs. These standards are monitored by the state through reporting requirements, onsite reviews, and external reviews.

In particular, MCOs are required to establish an internal QAP, which will be in writing and available to the public. The written description shall include detailed goals and annually developed objectives; address the quality of clinical care and non-clinical aspects of services for the entire range of care provided by the MCO; specify quality of care studies and related activities; provide for continuous performance of activities, including tracking of issues over time; and provide for review and feedback by physicians and other health professionals.

7.2. Describe the methods used, including monitoring, to assure: (2102(a)(7)(B)) (42CFR 457.495)

7.2.1 Access to well-baby care, well-child care, well-adolescent care and childhood and adolescent immunizations. (Section 2102(a)(7)) (42CFR 457.495(a))

The state requires MCOs to submit semi-annual reports on immunizations, and compliance with the well-child periodicity schedule.

7.2.2 Access to covered services, including emergency services as defined in 42 CFR §457.10. (Section 2102(a)(7)) 42CFR 457.495(b))

MCOs are required to ensure that their provider networks provide access to primary care providers (PCPs) within 15 miles of members' town of residence and access to emergency services on a 24-hour, seven day-a-week basis. Emergency cases must be seen immediately, urgent cases within 48 hours and routine cases within 10 days. An emergency medical condition means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, with an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in placing the health of the individual (or with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy, serious impairment to body functions or serious dysfunction of any body organ or part. The state monitors access requirements through reporting and member satisfaction surveys.

Model Application Template for the State Children's Health Insurance Program

- 7.2.3 Appropriate and timely procedures to monitor and treat enrollees with chronic, complex, or serious medical conditions, including access to an adequate number of visits to specialists experienced in treating the specific medical condition and access to out-of-network providers when the network is not adequate for the enrollee's medical condition. (Section 2102(a)(7)) (42CFR 457.495(c))

The state requires each MCO to contract with a sufficient number and mix of specialists so that the Member population's anticipated specialty care needs can be substantially met within the MCO's network of providers. The MCO is required to have a system to refer Members to out-of-network specialists if appropriate participating specialists are not available. The MCO will make specialist referrals available to its Members when it is medically necessary and medically appropriate and will assume all financial responsibility for such referrals whether they are in-network or out-of-network. The MCO must have policies and written procedures for the coordination of care and the arrangement, tracking and documentation of all referrals to specialty providers.

For Members enrolled in HUSKY Plus, the MCO is required to coordinate the specialty care services and specialty provider referral process with the HUSKY Plus programs to ensure access to care (See Appendix 3.1).

- 7.2.4 Decisions related to the prior authorization of health services are completed in accordance with state law **or**, in accordance with the medical needs of the patient, within 14 days after the receipt of a request for services. (Section 2102(a)(7)) (42CFR 457.495(d))

Prior authorization of services covered in the HUSKY, Part B benefit package shall be determined by the MCO based on individual care plans, medical necessity and medical appropriateness and in accordance with state law. However, the following services in the benefit package shall not require prior authorization:

- (1) Preventive care, including:
 - (a) Periodic and well-child visits;
 - (b) Immunizations; and
 - (c) Prenatal care;
- (2) Preventive family planning services, including:
 - (a) Reproductive health exams;
 - (b) Member counseling;
 - (c) Member education;
 - (d) Lab tests to detect the presence of conditions affecting reproductive health; and
 - (e) Screening, testing and treatment of pre and post-test counseling for sexually transmitted diseases and HIV, and
- (3) Emergency ambulance services or emergency care.

Section 8. Cost Sharing and Payment (Section 2103(e))

Check here if the state elects to use funds provided under Title XXI only to provide expanded eligibility under the state's Medicaid plan, and continue on to Section 9.

8.1. **X** Is cost sharing imposed on any of the children covered under the plan? (42CFR 457.505)

8.1.1. **X** YES, with the exception of low-income children in the state who are American Indians and Alaska Natives (AI/NA) who are members of a federally recognized tribe. (As defined in section 4 (c) of the Indian Health Care Improvement Act, 25 U.S.C. 1603(c). These AI/NA children will be exempt from any cost sharing (e.g., copayments and premiums).

8.1.2. **NO, skip to question 8.8.**

8.2. Describe the amount of cost-sharing, any sliding scale based on income, the group or groups of enrollees that may be subject to the charge and the service for which the charge is imposed or time period for the charge, as appropriate.
(Section 2103(e)(1)(A)) (42CFR 457.505(a), 457.510(b) &(c), 457.515(a)&(c))

8.2.1. Premiums:

Effective February 1, 2004, children with family income up to 235 percent of the FPL will be required to pay a premium of \$30.00 per child per month, up to a maximum of \$50.00 per family per month. Children with family income that exceeds 235 percent of the FPL but does not exceed 300 percent of the FPL will be required to pay a premium of \$50.00 per child per month, up to a maximum of \$75.00 per family per month. Children with family income over 300 percent of the FPL will be required to contribute the entire premium. Note enrollment of children with family income over 300 percent of the FPL does not come under Title XXI funding as it is offered as a full buy-in program. Private organizations may subsidize premiums.

8.2.2. Deductibles: *Not applicable*

8.2.3 Coinsurance or copayments: *Coinsurance is not applicable.*

Copayments: For children in families with income over 185 percent of FPL, the state has established a schedule of reasonable copayments for services other than the following: preventive care and services, inpatient physician and hospital, outpatient surgical, ambulance, skilled nursing, home health, hospice and short-term rehabilitation and physical therapy, occupational and speech therapies, lab and X-ray, preadmission testing, prosthetics, durable medical equipment, and dental exams (See Appendix 6.1)

8.2.4. Other:

The maximum annual aggregate cost sharing (premiums and copayments) for a family with income that exceeds 185 percent of the FPL (before disregards) but does not exceed 235 percent will be no more than \$1,120 for a family with one child and \$1360.00 for a family with two or more children. The maximum annual aggregate cost sharing for a family that exceeds 235 percent of the FPL but does not exceed 300 percent will be no more than \$1,360 for a family with one child and \$1660.00 for a family

Model Application Template for the State Children's Health Insurance Program

with two or more children. Annual cost sharing, including premiums, deductibles, and copayments cannot exceed 5% of the family's gross income.

- 8.3. Describe how the public will be notified, including the public schedule, of this cost sharing (including the cumulative maximum) and changes to these amounts and any differences based on income. (Section 2103(e)(1)(B)) (42CFR 457.505(b))

Information about cost sharing is included in the outreach materials and both the SPES and the MCO provide information on cost sharing requirements. The MCO provides information on cost-sharing requirements through the introductory Welcome Call as well as in the Member Handbook, in which the MCO is required to include a summary of the cost sharing requirements and maximum. The information is also available via MCO Member Services Departments and through outreach materials such as newsletters. The SPES makes information about cost sharing available through its toll free phone number (1-877-CT-HUSKY, a variety of outreach materials, and through letters sent to the applicant that provide notification of eligibility for HUSKY B. Enrollees and providers are informed by the MCO when a client has reached the maximum annual aggregate cost-sharing limit for copayments so that the client is not charged for further copayments by the provider.

- 8.4. The state assures that it has made the following findings with respect to the cost sharing in its plan: (Section 2103(e))

8.4.1. X Cost sharing does not favor children from higher income families over lower income families. (Section 2103(e)(1)(B)) (42CFR 457.530)

8.4.2. X No cost sharing applies to well-baby and well-child care, including age-appropriate immunizations. (Section 2103(e)(2)) (42CFR 457.520)

8.4.3 X No additional cost sharing applies to the costs of emergency medical services delivered outside the network. (Section 2103(e)(1)(A)) (42CFR 457.515(f))

- 8.5. Describe how the state will ensure that the annual aggregate cost sharing for a family does not exceed 5 percent of such family's income for the length of the child's eligibility period in the State. Include a description of the procedures that do not primarily rely on a refund given by the state for overpayment by an enrollee: (Section 2103(e)(3)(B)) (42CFR 457.560(b) and 457.505(e))

The family share of premium payments and co-payment caps were calculated to not exceed 5% of the lowest qualifying family income within each of the two income bands for subsidized benefits (eg. 5% of 185% FPL and 5% of 235% FPL). Co-payments are tracked by the MCOs and reported to the SPES. The MCOs are required to ensure that the copays do not exceed \$760 per year. If a family exceeds \$760 per year in co-payments, the MCO is required to reimburse the excess above \$760 to the family. The maximum premium, which could be paid by a family in Income Band 1, is \$360 per year (\$30 per month x 12 months) for a family with one child and \$600 per year (\$50 per month x 12 months) for a family with two or more children. Co-payments are capped at \$760 per year, therefore the maximum cost share for which a family in Income Band 1 can be liable is \$1,120 (one child) or 1,360 (two or more children) per year, which is less than 5% of the 185% FPL. The maximum premium, which can be paid by a family in Income Band 2 is \$600 (\$50 per month x 12 months for one child or \$900 (\$750) per year (\$75 per month x 12 months). Copayments are capped at \$760 per year, therefore the maximum cost share for which a family in Income Band 2 can be liable is \$1,360 (one child) or 1,660 (two or more children) per year, which is less than 5% of 235% FPL.

It is the responsibility of the MCO to review the Member accounts at a minimum on a quarterly basis to determine which families have reached their maximum annual cost-sharing limit for copayments. The

Model Application Template for the State Children's Health Insurance Program

review must be completed no later than fifteen (15) days after the end of each review period. If, due to claims' time-lag, the family has paid more than the allowed limits for copayments, it is the responsibility of the MCO to repay the overpayment to the family within three (3) months of the MCO's determination that the maximum annual aggregate cost-sharing limit for copayments had been met. The MCO is required to establish and maintain a system to track the copayments incurred by each family in Income Bands 1 and 2 in order to adhere to the requirements of the maximum annual aggregate cost-sharing limit for copayments. The MCO also must require their providers and subcontractors to verify whether a family has reached the maximum annual aggregate cost-sharing limit for copayments before charging a copayment.

When a family reaches the maximum annual aggregate cost-sharing limit for copayments, the MCO informs the providers, subcontractors and family that the copayment limit has been met, that the providers and subcontractors cannot charge further copayments within the annual period, and the date when the annual period ends.

If the family believes it has reached the maximum annual aggregate cost-sharing limit for copayments, it may request, in writing, that the MCO review the copayments that have been paid by the family. The MCO will then review the copayments made by the family and respond to the family, in writing, within three (3) weeks of the date of the family's written request. If the family disagrees with the MCO's determination, the family may request, in writing, a review by the DEPARTMENT. The MCO is required to include a summary of this right and the appropriate procedures to request the review in its Member Handbook.

- 8.6 Describe the procedures the state will use to ensure American Indian (as defined by the Indian Health Care Improvement Act of 1976) and Alaska Native children will be excluded from cost sharing. (Section 2103(b)(3)(D)) (42CFR 457.535)

Families of American Indian/Alaskan Native (AI/AN) children who are members of a Federally organized tribe and who are in Income Band 1 or 2 are exempted from paying HUSKY, Part B premiums or copayments. Income Band 1 represents those enrollees whose income falls between 185 percent and 235 percent of the federal poverty level. Income Band 2 represents those enrollees whose income falls between 235 percent and 300 percent of the federal poverty level.

The Department of Social Services staff informed representatives of the Mashantucket Pequots and the Mohegans, the two federally recognized tribes within the State of Connecticut, that federal requirements do not permit cost sharing for AI/AN children in the HUSKY B program. Staff also consulted with them about the best way to identify AI/AN children.

Based on recommendations made by both tribes, it was decided that applicants would be asked to verify their tribal membership at time of application. The HUSKY application was modified to ask if the child for whom application is made is a member of a federally recognized tribe. If the answer is "yes", the applicant will need to provide the name of the tribe and verification of membership. HUSKY informational materials were also revised to include information about the cost-sharing exemption for AI/AN children. The SPES, under contract with the Department to determine eligibility for HUSKY B applicants, will notify the MCO when a new enrollee is qualified for exemption from cost-sharing due to AI/AN status. The MCO will not charge the family for any partial premium payment and will issue the enrollee a membership card that specifies "no-copayments"

- 8.7 Please provide a description of the consequences for an enrollee or applicant who does not pay a charge. (42CFR 457.570 and 457.505(c))

Nonpayment of premiums results in a disenrollment effective the end of the month for which the premium was not paid, and a three-month lockout period.

Model Application Template for the State Children's Health Insurance Program

- 8.7.1 Please provide an assurance that the following disenrollment protections are being applied:
State has established a process that gives enrollees reasonable notice of and an opportunity to pay past due premiums, copayments, coinsurance, deductibles or similar fees prior to disenrollment. (42CFR 457.570(a))

Reminder notices are sent to enrollees, prior to dis-enrollment, which inform enrollees of the consequences of nonpayment and instruct them to call the SPES if their family income has decreased so that eligibility can be re-evaluated. Based on the reduced family income the SPES will either refer the children to Medicaid or transfer HUSKY B eligibility to Income Band 1 which has a lower premium requirement. If an enrollee becomes disenrolled due to nonpayment of premiums, they may appeal through the Department's administrative hearing division.

- X The disenrollment process affords the enrollee an opportunity to show that the enrollee's family income has declined prior to disenrollment for non-payment of cost-sharing charges. (42CFR 457.570(b))
- X In the instance mentioned above, that the state would facilitate enrolling the child in Medicaid or adjust the child's cost-sharing category as appropriate. (42CFR 457.570(b))
- X The state provides the enrollee with an opportunity for an impartial review to address disenrollment from the program. (42CFR 457.570(c))

- 8.8 The state assures that it has made the following findings with respect to the payment aspects of its plan: (Section 2103(e))

- 8.8.1. X No Federal funds will be used toward state matching requirements. (Section 2105(c)(4)) (42CFR 457.220)
- 8.8.2. X No cost sharing (including premiums, deductibles, copes, coinsurance and all other types) will be used toward state matching requirements. (Section 2105(c)(5) (42CFR 457.224) (Previously 8.4.5)
- 8.8.3. X No funds under this title will be used for coverage if a private insurer would have been obligated to provide such assistance except for a provision limiting this obligation because the child is eligible under the this title. (Section 2105(c)(6)(A)) (42CFR 457.626(a)(1))
- 8.8.4. X Income and resource standards and methodologies for determining Medicaid eligibility are not more restrictive than those applied as of June 1, 1997. (Section 2105(d)(1)) (42CFR 457.622(b)(5))
- 8.8.5. X No funds provided under this title or coverage funded by this title will include coverage of abortion except if necessary to save the life of the

Model Application Template for the State Children's Health Insurance Program

mother or if the pregnancy is the result of an act of rape or incest.
(Section 2105)(c)(7)(B)) (42CFR 457.475)

- 8.8.6.X No funds provided under this title will be used to pay for any abortion or to assist in the purchase, in whole or in part, for coverage that includes abortion (except as described above). (Section 2105)(c)(7)(A)) (42CFR 457.475)

Section 9. Strategic Objectives and Performance Goals and Plan Administration (Section 2107)

- 9.1. Describe strategic objectives for increasing the extent of creditable health coverage among targeted low-income children and other low-income children: (Section 2107(a)(2)) (42CFR 457.710(b))
- 9.1.1 *To increase the number of children in Connecticut with health insurance through the expansion of the HUSKY program.*
- 9.1.2 *To maximize participation in HUSKY, Parts A and B through outreach, a single point of entry (SPES), a simplified application process*
- 9.1.3 *To promote the health of children through an improved health benefit package tailored to the health care needs of children, which includes comprehensive preventive services.*
- 9.1.4 *To assist those children enrolled in HUSKY, Part B who have special physical and behavioral health care needs, to receive appropriate care through two supplemental plans (HUSKY Plus).*
- 9.1.5 *To maximize coordination between HUSKY Part B managed care plans and the HUSKY Plus plans by integrating basic health care needs into the care provided for intensive health care needs, and, whenever possible, building upon existing therapeutic relationships with Title V providers.*
- 9.2. Specify one or more performance goals for each strategic objective identified: (Section 2107(a)(3)) (42CFR 457.710(c))
- 9.2.1 *To increase the number of children covered by health insurance within Connecticut.*
- 9.2.2 *To maximize participation in HUSKY Parts A & B.*
- *Expand Medicaid (HUSKY Part A) enrollment of uninsured children 18 years old who are under 185% of the FPL.*
 - *Increase the number of insured children 18 or under who are between 185% and 300% of the federal poverty level*
- 9.2.3 *To promote the health of children through a comprehensive health benefits package.*
- *Match or exceed the statewide average of the percentage of children in HUSKY Parts A and B who receive immunizations by age 2, meet or exceed state standards for well-child care, with a goal of at least 80% of children receiving all recommended well-child visits.*
- 9.2.4 *To assist children with special physical and behavioral needs through HUSKY Plus.*
- *Ninety percent of referrals to HUSKY Plus will have eligibility determination made within 21 days.*
 - *Track the percentage of referrals to HUSKY Plus accepted or denied.*
 - *100% of children with the following conditions will receive care according to individual needs and professional guidelines:*
 - ◆ *Children with intensive physical needs with a diagnosis of cystic fibrosis under ICD 9 CM 277.0.*

Model Application Template for the State Children's Health Insurance Program

- ◆ *Children with intensive physical needs with a diagnosis of cerebral palsy under ICD 9 CM 343.*
- ◆ *Children with intensive behavioral needs with a diagnosis of major depression under DSM IV 296.30 through 296.36. and/or attention deficit disorder under DSM IV 314.00 through 314.90.*

9.2.5 *To maximize coordination between HUSKY Part B and HUSKY Plus*

- *100% of children in HUSKY Plus have an assigned HUSKY B case manager/liaison within 30 days of their enrollment into HUSKY Plus.*
- *100% of children in HUSKY Plus have an assigned HUSKY Plus case manager/coordinator.*
- *85% of children in HUSKY Plus have a global plan of care within 30 days of enrollment*
- *85% of children in HUSKY Plus have a revised global plan of care at least semi-annually.*
- *85% of children in HUSKY Plus have had evidence of coordination between HUSKY B, and HUSKY Plus at least quarterly as documented in the progress notes, and if additional revision is indicated, in the Global Plan of Care.*

- 9.3. Describe how performance under the plan will be measured through objective, independently verifiable means and compared against performance goals in order to determine the state's performance, taking into account suggested performance indicators as specified below or other indicators the state develops:
(Section 2107(a)(4)(A),(B)) (42CFR 457.710(d))

The state, through a contract with an external quality review entity, with the exception of calendar year 2003, conducts an annual evaluation based on an analysis of the program measures and a patient satisfaction survey.

Check the applicable suggested performance measurements listed below that the state plans to use: (Section 2107(a)(4))

- 9.3.1. X The increase in the percentage of Medicaid-eligible children enrolled in Medicaid.
- 9.3.2. X The reduction in the percentage of uninsured children.
- 9.3.3. X The increase in the percentage of children with a usual source of care.
- 9.3.4. The extent to which outcome measures show progress on one or more of the health problems identified by the state.
- 9.3.5. X HEDIS Measurement Set relevant to children and adolescents younger than 19.

Or modified measures that are based on HEDIS.

- 9.3.6. X Other child appropriate measurement set. List or describe the set used.
Well-child periodicity compliance.

Model Application Template for the State Children's Health Insurance Program

9.3.7. **X** If not utilizing the entire HEDIS Measurement Set, specify which measures will be collected, such as:

9.3.7.1. **X** Immunizations

9.3.7.2. **X** Well childcare

9.3.7.3. **X** Adolescent well visits

9.3.7.4. **X** Satisfaction with care

9.3.7.5. **X** Mental health

9.3.7.6. **X** Dental care

9.3.7.7. Other, please list:

- *Ambulatory Services*
- *Follow-up After Mental Health Hospitalization*
- *Follow-up After Chemical Dependency Hospitalization*

See Appendix 9.3 for complete listing of reporting measures.

9.3.8. **X** Performance measures for special targeted populations.

- *Antidepressant measure*

See Appendix 9.3 for complete listing of reporting measures.

Model Application Template for the State Children's Health Insurance Program

9.4. **X** The state assures it will collect all data, maintain records and furnish reports to the Secretary at the times and in the standardized format that the Secretary requires. (Section 2107(b)(1)) (42CFR 457.720)

9.5. **X** The state assures it will comply with the annual assessment and evaluation required under Section 10. Briefly describe the state's plan for these annual assessments and reports. (Section 2107(b)(2)) (42CFR 457.750)

The State, through a contract with an external quality review entity and through the use of, internal eligibility and enrollment data and utilization reporting from the MCOs will conduct an annual evaluation based on an analysis of the program measure. The analysis will include a sampling of patient charts, utilization data and a patient satisfaction survey. Please note that with the exception of calendar year 2003, the report will include the findings from the audit conducted by an external quality review entity.

9.6. **X** The state assures it will provide the Secretary with access to any records or information relating to the plan for purposes of review of audit. (Section 2107(b)(3)) (42CFR 457.720)

9.7. **X** The state assures that, in developing performance measures, it will modify those measures to meet national requirements when such requirements are developed. (42CFR 457.710(e))

9.8. The state assures, to the extent they apply, that the following provisions of the Social Security Act will apply under Title XXI, to the same extent they apply to a state under Title XIX: (Section 2107(e)) (42CFR 457.135)

9.8.1. **X** Section 1902(a)(4)(C) (relating to conflict of interest standards)

9.8.2. **X** Paragraphs (2), (16) and (17) of Section 1903(i) (relating to limitations on payment)

9.8.3. **X** Section 1903(w) (relating to limitations on provider donations and taxes)

9.8.4. **X** Section 1132 (relating to periods within which claims must be filed)

9.9. Describe the process used by the state to accomplish involvement of the public in the design and implementation of the plan and the method for insuring ongoing public involvement. (Section 2107(c)) (42CFR 457.120(a) and (b))

The Medicaid Managed Care Council (MMCC) plays an advisory role to the Department for both the HUSKY A and HUSKY B programs. The council is comprised of legislators, clients and representatives from the managed care organizations, the Children's Health Council, the medical provider community, advocacy groups, the Department of Social Services and other State agencies such as the Departments of Children and Families and Public Health. The council meets once a month during which time the Department provides program updates. The council also has several subcommittees which act as workgroups for important issues that require additional study and follow-up. The subcommittees are as

Model Application Template for the State Children's Health Insurance Program

follows: Public Health; Quality Assurance; Behavioral Health and Consumer Access. Additionally public input is obtained through a public notice process whereby proposed changes are published in the Connecticut Law Journal and the Department's website and undergo a 15 day public comment period.

- 9.9.1 Describe the process used by the state to ensure interaction with Indian Tribes and organizations in the state on the development and implementation of the procedures required in 42 CFR §457.125. (Section 2107(c)) (42CFR 457.120(c))

In accordance with 42 CFR 457.125, Section 2107 (c) and 42 CFR 457.120 (c) The Department met with representatives from both of Connecticut's federally recognized Indian tribes, during the design phase of the HUSKY plan. The program design was discussed with the tribal representatives and their comments and suggestions were considered in the final design and ongoing operations of the program. The Department met with both tribes again in 2000 to discuss American Indian's being exempt from cost sharing. The tribal members provided the Department with the information needed to request of American Indians in order to exempt them from cost sharing.

The Department continues to consult with both tribes on an annual basis to discuss any changes to the HUSKY Plan as well as address any concerns/questions the tribal representatives may have. The consultation will either be conducted by phone or in person depending on the issues to be discussed.

- 9.9.2 For an amendment relating to eligibility or benefits (including cost sharing and enrollment procedures), please describe how and when prior public notice was provided as required in §457.65 (b) through (d).

Amendments relating to either eligibility, such as the reduction of the crowd-out period from six to two months, or benefits, such as mental health parity, have been the result of legislative changes, therefore the prior public notice requirement was provided through the legislative process.

Amendments relating to the increase in HUSKY B premiums and copayment maximums were published in the Connecticut Law Journal and the Department's website and underwent a 15 day public comment period. Additional public comment was received through presentations and question and answer periods at meetings of the Medicaid Managed Care Council and Covering Kids and Families (a Robert Wood Johnson Foundation funded outreach initiative).

Model Application Template for the State Children's Health Insurance Program

- 9.10. Provide a one year projected budget. A suggested financial form for the budget is attached. The budget must describe: (Section 2107(d)) (42CFR 457.140)

Planned use of funds, including --

- Projected amount to be spent on health services;
- Projected amount to be spent on administrative costs, such as outreach, child health initiatives, and evaluation; and
- Assumptions on which the budget is based, including cost per child and expected enrollment.

□ Projected sources of non-Federal plan expenditures, including any requirements for cost sharing by enrollees.

The SCHIP budget, as provided in Appendix 9.1.0 is based upon the following assumptions:

The SCHIP program estimate for FFY 2004 and FFY 2005 assumes 13,712 HUSKY B clients as of February 2004 and an average monthly enrollment increase of 140 clients. This estimate assumes 66% of clients are enrolled in Band 1 and 34% of clients are enrolled in Band 2. The average monthly capitation payment for Band 1 is estimated at \$159.48 for the current FFY budget and \$132.37 for the current budget + SPA. For Band 2, the average monthly capitation payment is estimated at \$132.37 for the current FFY budget and \$117.46 for the current budget + SPA. HUSKY Plus expenditures are estimated at \$810,000 in FFY 2004 and \$840,000 in FFY 2005. It is assumed that the state will fully claim up to the 10% administrative cap.

Please see attached Appendix 9.10. which includes the budget for FFY 2003 and FFY 2004

Section 10. Annual Reports and Evaluations (Section 2108)

- 10.1. Annual Reports. The state assures that it will assess the operation of the state plan under this Title in each fiscal year, including: (Section 2108(a)(1), (2)) (42CFR 457.750)
- 10.1.1. ☒ The progress made in reducing the number of uncovered low-income children and report to the Secretary by January 1 following the end of the fiscal year on the result of the assessment, and
- 10.2. ☒ The state assures it will comply with future reporting requirements as they are developed. (42CFR 457.710(e))
- 10.3. ☒ The state assures that it will comply with all applicable Federal laws and regulations, including but not limited to Federal grant requirements and Federal reporting requirements.

Section 11. Program Integrity (Section 2101(a))

Check here if the state elects to use funds provided under Title XXI only to provide expanded eligibility under the state's Medicaid plan, and continue to Section 12.

- 11.1 ☒ The state assures that services are provided in an effective and efficient manner through free and open competition or through basing rates on other public and private rates that are actuarially sound. (Section 2101(a)) (42CFR 457.940(b))
- 11.2. The state assures, to the extent they apply, that the following provisions of the Social Security Act will apply under Title XXI, to the same extent they apply to a state under Title XIX: (Section 2107(e)) (42CFR 457.935(b)) *The items below were moved from section 9.8. (Previously items 9.8.6. - 9.8.9)*
- 11.2.1. ☒ 42 CFR Part 455 Subpart B (relating to disclosure of information by providers and fiscal agents)
 - 11.2.2. ☒ Section 1124 (relating to disclosure of ownership and related information)
 - 11.2.3. ☒ Section 1126 (relating to disclosure of information about certain convicted individuals)
 - 11.2.4. ☒ Section 1128A (relating to civil monetary penalties)
 - 11.2.5. ☒ Section 1128B (relating to criminal penalties for certain additional charges)
 - 11.2.6. ☒ Section 1128E (relating to the National health care fraud and abuse data collection program)

Section 12. Applicant and enrollee protections (Sections 2101(a))

Check here if the state elects to use funds provided under Title XXI only to provide expanded eligibility under the state's Medicaid plan.

Eligibility and Enrollment Matters

12.1 Please describe the review process for **eligibility and enrollment** matters that complies with 42 CFR §457.1120.

Eligibility

In accordance with 42CFR Sec 457 part(s), 1120(a), 1130(a), 1140(a), 1150(a), 1160(a), 1170 and 1180, an applicant has the right to request an administrative review regarding a decision made on their HUSKY B application. The Department has a two level process to review appeals related to HUSKY B eligibility and enrollment. The level one review is conducted by the Department's agent (SPES) and the Department's Administrative Review Unit conducts the level two review.

Eligibility decisions, which can be appealed, include denials, discontinuances and premium band changes. When HUSKY B eligibility is denied, terminated or transferred to a higher premium band, a notice is sent to the applicant informing them of this decision. The notice informs the applicant of their right to request an administrative review of this decision within ten business days from the date the notice was sent to the applicant. A Supervisory level employee conducts the level one administrative review of the initial eligibility decision..

The SPES notifies the applicant in writing of its level one review decision not more than ten business days from receipt of a request for administrative level one review.

If the applicant is not satisfied with the SPES' level one review decision, the applicant may request a level two administrative review within ten business days following the date on the notice of the level one decision.

At the second level review, the DSS administrative reviewer evaluates all factors related to the SPES' eligibility decision. The level two review is a desk review unless the applicant requests a personal conference with the administrative reviewer as part of the review process. The personal conference may be conducted in person, by telephone or video conferencing

The DSS administrative reviewer renders a decision in writing to the applicant not more than forty-five calendar days following the date of receipt of the applicant's written request for the level two administrative review.

The Commissioner may waive any of the time limits as provided for above as may become necessary.

Coverage continues pending both levels of review and final decision from the level two appeal.

Enrollment

Enrollment decisions, which can be appealed, include disenrollment due to non-payment of premiums; denial of good cause for early re-enrollment and denial of plan change.

notice was sent by the SPES.

When a HUSKY B client is denied for reason of good cause for early re-enrollment, disenrollment due to non-payment of premiums or denial of plan change a notice is sent to the client informing them of this decision. The

Model Application Template for the State Children's Health Insurance Program

denial notice also informs the client of their right to request an administrative review of the decision within 10 business days from the date the denial

The SPES conducts the initial level one administrative review and notifies the applicant in writing of its level one review decision not more than ten business days from receipt of a request for administrative level one review.

If the applicant is not satisfied with the level one review decision, the applicant may request a level two administrative review within ten business days following the date on the notice of the level one administrative decision.

The Department's administrative reviewer shall evaluate all factors related to the agent's enrollment decision and shall offer the applicant the opportunity to have a personal conference with the administrative reviewer as part of the review process. Such personal conference may be conducted in person, by telephone or video conferencing.

Enrollment continues pending both levels of review and final decision from the level two appeal.

Health Services Matters

12.2 Please describe the review process for **health services matters** that complies with 42 CFR §457.1120.

The State, pursuant to 42 CFR 457.1120(a)(2) has elected to comply with existing grievance and appeal requirements in effect for the MCOs with which it contracts. These existing requirements provide, in accordance with applicable state law, for internal reviews within the MCO and external reviews with the State of Connecticut, Department of Insurance ("DOI"), the state agency that regulates MCOs. In addition, pursuant to the Department's contract with the MCO's, the MCO's internal appeals process for HUSKY B Enrollees must allow for expedited review in certain circumstances described below.

In the State of Connecticut, MCOs, as HMOs must comply with various quality consumer protection requirements by state law. See appendix 7.1 for a summary of this law.

The MCO must clearly specify in its Enrollee handbook/packet(s) the procedural steps and timeframes for each level of its internal appeals process and for filing an external appeal through the DOI.

When a requested good or service is denied, the MCO must provide a written denial notice to the Enrollee, which includes the MCO's denial decision as well as notice of the Enrollee's appeal rights. The notice must clearly state or explain what goods and/or services are being denied; the reasons for the denial; the contract section that supports the denial; the address and toll-free number of the MCO's Member Services Department; the Enrollee's right to challenge the denial by filing an internal appeal with the MCO; the procedure and timeframe for commencing each level of the MCO's internal appeals process, including the address to which any written request for appeal may be mailed; the availability of expedited internal appeals; specifications and assistance as to the format in which the Enrollee may request an internal appeal; that the Enrollee will lose his or her right to challenge the denial with the MCO within sixty (60) days from the date the MCO mailed the denial notice; that for each level of its appeals process, the MCO must issue a decision regarding an appeal no more than thirty (30) days following the date that the MCO receives the request for review; that the MCO must be responsive to questions which the Enrollee may have about the denial; that the Enrollee may submit additional documentation or written material for the MCO's consideration; and that the MCO's review may be based solely on information available to the MCO and its providers, unless the Member requests a meeting or the opportunity to submit additional information.

Model Application Template for the State Children's Health Insurance Program

Internal appeal process

Enrollees must have the opportunity to request an internal appeal with the MCO of a decision made by the MCO regarding the denial of goods and services covered in the basic benefit package. The MCO is required to have a timely and organized internal appeal process for receiving and acting upon these requests. This internal appeals process, may, at the MCO's option, consist of more than one level of review. The internal appeals process shall be available for resolution of disputes between the MCO or MCO subcontractors and Enrollees concerning the denial of a request for goods and services covered under the HUSKY B benefit package. The MCO is responsible for ensuring compliance with the internal appeals process, whether the MCO or one of its subcontractors denies the goods or services.

The MCO must develop and make available to Enrollees and potential Enrollees appropriate alternative language versions of internal appeal materials, including but not limited to, the standard information contained in denial notices. Such materials shall be made available in Spanish, English and any other language(s) if more than five (5) percent of the MCO's Enrollees in the State of Connecticut served by the MCO speak the alternative language. The MCO must submit such alternative language materials to the DEPARTMENT and the DEPARTMENT must approve any such materials in writing prior to use by the MCO.

The MCO must develop written policies and procedures for each component of its internal appeals process, which must be approved by the Department in writing. The MCO is required to maintain a record keeping system for each level of its appeal process, which shall include a copy of the Enrollee's request for review, the response, and the resolution, which the MCO shall make available to the Department upon request.

An individual or individuals having final decision-making authority shall conduct the final level of the MCO's review. One or more physicians who were not involved in the denial determination must decide any appeal arising from an action based on a determination of medical necessity.

The MCO may decide an appeal on the basis of written documentation available to the MCO at the time of the request, unless the Enrollee requests an opportunity to meet with the individual or individuals conducting the internal appeal on behalf of the MCO and/or requests the opportunity to submit additional written documentation or other written material. The MCO shall inform the Enrollee that the MCO's review may be based solely on information available to the MCO and its providers, unless the Enrollee requests a meeting or the opportunity to submit additional information.

The MCO shall issue a written decision for each level of its internal appeals process. Each decision shall be sent to the Member by certified mail. The MCO shall send a copy of each decision to the DEPARTMENT. The appeal decision shall be sent no later than thirty (30) days from the date on which the MCO received the appeal.

If the MCO fails to issue a decision within thirty (30) days, the DEPARTMENT will deem the decision to be a denial and the Enrollee may file an external appeal with the DOI.

The MCO's written decision must include the Member's name and address; the provider's name and address; the MCO name and address; a complete statement of the MCO's findings and conclusions, including the section number and text of any statute or regulation that supports the decision; a clear statement of the MCO's disposition of the appeal; a statement that the Member has exhausted the MCO's internal appeal procedure concerning the denial at issue; and relevant information concerning the external appeals process available through the DOI.

The MCO shall have also an internal appeal process through which a health care provider may grieve the MCO decision on behalf of a Member. The MCO shall provide information on the availability of this process to the providers in the MCO's network. The health care provider appeal process does not include any appeal rights to the DEPARTMENT or any rights to an external appeal through the DOI.

Model Application Template for the State Children's Health Insurance Program

Expedited internal appeal process

Pursuant to the Department's contract with the MCO's, the MCO's internal appeals process for HUSKY B Enrollees must allow for expedited review. If an Enrollee requests an expedited review, the MCO must determine within one business day of receipt of the request, whether to expedite the review or whether to perform the review according to the standard timeframes.

The MCO must include the following information concerning the DOI external appeal process in the Enrollee's member handbook: that if the Member has exhausted the MCO's internal appeals process and has received a final written decision from the MCO upholding the MCO's original denial of the good or service, the Member may file an external appeal with the DOI within thirty (30) days of receiving the final written appeal decision; that the Member may be required to pay a filing fee for the DOI appeal; that the Enrollee will be asked to submit certain information in support of the appeal request, including a copy of his or her HUSKY B enrollment card and a release of medical records; that the DOI will assign the appeal to an outside, independent entity, which conduct a preliminary review and determine whether the appeal meets eligibility for review; that the Enrollee will be notified within five (5) business days of the DOI's receipt of the request whether the appeal has been accepted or denied for full review; and that Enrollees may obtain information about the external review process and request a form from the DOI and provide the DOI's address and phone number; a copy of the DOI External Appeal Consumer Guide; and that the MCO shall be bound by the DOI's external appeal decision

The DEPARTMENT shall pay the filing fee on behalf of any Enrollee whose family income exceeds 185 percent of the federal poverty level but does not exceed 300 percent of the federal poverty level (Members in Income Bands 1 and 2).

HUSKY PLUS: The HUSKY Plus program has its own separate appeals process that addresses issues specific to the services covered by HUSKY Plus. The HUSKY Plus Physical appeals process has three levels. The first level is an informal appeal that is addressed by the participating HUSKY Plus Center. If the enrollee wishes to pursue the matter further, a written request is submitted to the HUSKY Plus Appeals Subcommittee. The Subcommittee in HUSKY Plus Physical consists of impartial representatives from the Department of Social Services, the Department of Public Health, and each of the contracting HPP Centers. The appeals subcommittee hears appeals for both HPP and Title V. If the enrollee is still dissatisfied, the appeal subcommittee's decision may be further appealed through the Commissioner of the Department of Social Services. The HUSKY Plus Behavioral appeals process has two levels. The first level is conducted by management level program staff not involved in the original decision. The second level is an appeal to the Commissioner of the Department of Social Services. A detailed description of this appeals process is included in Appendix 3.1.

Premium Assistance Programs

12.3 If providing coverage through a group health plan that does not meet the requirements of 42 CFR §457.1120, please describe how the state will assure that applicants and enrollees have the option to obtain health benefits coverage other than through the group health plan at initial enrollment and at each redetermination of eligibility.
